SUTTON COURTENAY DEFIBRILLATORS

The village has three defibrillators. One is located outside the front roller doors of Sutton Courtenay Tyres on the High Street. The second is outside the Football Clubhouse in the Recreation Ground. The third is outside the Fish on Appleford Road.

Dirt bikes on Kelaart's Field

Parish Councillors are aware that dirt bikers are frequently using Kelaart's Field, the recreation ground and some footpaths and causing a disturbance to residents. If you notice dirt motorbikes in these areas please report the issue at the time to Thames Valley Police via their website: www.thamesvalley.police.uk. Reporting helps the police build up a pattern so that they can target resources to when there is a high possibility of encountering the dirt bikes to stop them.

Sutton Courtenay Recreation Ground

Did you know there is a training pitch at the Recreation Ground for people to use. Throughout June, July and August it is available during daylight hours and there are football nets permanently installed. During the football season the pitches are under licence to Sutton Courtenay Football Club, and the Football Club has priority access on its training nights.

If you are interested in working in a small team to contribute to local life, taking forward projects which benefit people across the parish, then please contact the Clerk.

Please note the role is unpaid, as a minimum you would be expected to attend monthly meetings and check your Council email account at least once a week. You would be asked to take an active role in a couple of areas of the Council's work across recreational amenities, the cemetery, planning policy, community infrastructure (defibrillators, benches, bins), community events and representing the Parish Council at meetings with local charitable and commercial organisations.

July marks one year since I was elected as the MP for our constituency. Learning how parliament operates, establishing a constituency office and recruiting a team took some time, but I can now reflect on our work over the last 12 months.

Since the election, my team and I have opened over 7,000 cases and responded to 12,500 emails to constituents. Some involve signposting local people to the services they need, but others are more complex and take time to work through. Cases cover many topics, from health and care, to immigration and international trade.

Alongside helping constituents on a personal level, I have been able to use cases and local issues to inform efforts to drive national policy changes. I've been asking questions of Ministers in the House of Commons, speaking in Westminster Hall debates, securing one-to-one meetings with Ministers and taking part in cross party groups: the Transport Select Committee, and the Planning and Infrastructure Bill Committee. These are just some of the ways I have been able to voice your issues to the people with power to influence them. Recent successes include getting a decision on an export licence for local business which saved several jobs.

There has been some progress, too, on the big issues impacting our constituency: I secured a meeting with the rail minister to make the case for Grove Station; the County Council has started work on a feasibility study. I have presented a bill to ensure infrastructure targets accompany housing targets, which the Housing Minister has taken an interest in. Finally, after being rescheduled and delayed by the minister's office, I have secured a meeting with the Water Minister about the SESRO reservoir to make her aware of all local concerns. Of course, on all these and many other local issues, there is more work to do.

Recently, I have had the pleasure of visiting the Cornermen project, based in South Moreton, doing fantastic work to support men's mental health; discussed ideas to get people taking action to reduce their carbon footprint with trustees of local charity myzerocarbon.org at a recent constituency surgery in Wallingford; and attended the South East RFCA Armed Forces Briefing at RAF Benson to learn about the relationships between defence and the wider community, and the critical role in our communities and our future defence played by cadet and reservist schemes.

During the summer, I will be undertaking many visits and holding regular surgeries around the constituency. If you would like to come and meet me, please contact olly.glover.MP@parliament.uk (or leave a voice message at 0207 219 7657). Feel free, as always, to use these contact details for anything else I can help with.

Your RSPB Local Group (Vale of White Horse) is getting ready for the new season starting in September. We are looking forward to welcoming you to our monthly indoor talks (in the River Room, by the church, Sutton Courtenay, and/or via Zoom in deepest winter) and outdoor wildlife walks.

Quick details of the first talks we have planned running from September to May:

* **15th September:** "What's new at RSPB Otmoor" (Fergus Mosey) - the warden at this special local reserve will present his annual review of highlights - many members' favourite talk! (7.30pm in the River Room)

* **20th October:** The Owl Conservation Project (Lu Barton) - through work with environmental groups, landowners, tenants and education the Project enhances and increases existing habitats for our British Owls and creates new linked habitat networks and highways. Lu's talk will describe this as well as the history, behaviour and population status of British owls, with an opportunity to meet some live, captive-bred owls. (7.30pm in the River Room)

* **November**, exact date tbc: a talk from Prof Andrew Gosler (University of Oxford) who studies human engagement with birds, especially in the context of nature conservation and policy. Andrew is a council member of the British Trust for Ornithology and a Vice-President of the Oxford Ornithological Society

Membership for the 2025-26 season remains at £15 for adults (whether or not you are an RSPB member), and is free for under-16s. This covers our programme of monthly talks and wildlife walks (details to follow), and a quarterly e-Newsletter. If you prefer to attend just one or two talks, you can do this as a non-member for £5 a time. You can join using the form on our website (under "Contacts"): www.rspb-vwh.org.uk, or at a meeting (bank transfer, cash, cheque).

Hello Sunshine!

It is great to see summer in full swing – it feels like people are happier when it is sunnier, and longer days allow more time outside enjoying the fresh air. Fortunately for freshness, there have been fewer complaints this last quarter of bad smells locally, but plenty of noise complaints – local operators assure us they are within their agreed operating limits, so it may be just with more time in the garden with the windows open we spot it more – I don't know. To help, I have sponsored some budget for Appleford to set up noise monitoring and an independent noise survey which will help pinpoint sources, and provide greater understanding of regular noise levels, ahead of any new developments that might need evidence for mitigations. As well as the new road and bridge over the Thames, there are two new applications for battery energy storage parks nearby – taking advantage of the national transmission grid network connections at Didcot B power station. Whilst a strong supporter of these helping us transition to a clean net zero future, there are concerns with some new technologies so I have called these in to be heard. I have also initiated us into new Local Area Energy Planning to ensure there is joined up thinking rather than random development around the power station.

Recently, I have also been working closely with FCC who own the landfill sites between our villages to ensure paths are kept open and improved for locals. We had a positive meeting this month with Thames Water who have agreed in principle to a project to improve the dilapidated Hobby Horse Lane from Sutton Courtenay to Appleford, and we have gained support from both FCC and Heidelberg so, fingers crossed, improving that long stand eyesore is starting to move forwards.

Last month, gypsy travellers moved onto the Appleford recreation ground worrying locals. Fortunately, there is a hotline and team in the council for especially for helping in these

situations. They intervened the very next morning, and professionally helped resolve the situation quickly.

The Post Office has now finished consulting with positive local reaction on moving the post office to a better building with better facilities in Milton Park.

The plans to improve the junction at Steventon with the new developments at Milton Heights for cars, buses and traffic, and also enable safer cycling and walking into Steventon and up to the A34 interchange have also now been approved, and work is due to start this autumn. Highways have agreed to improve the safety of the dangerous Milton Lane exit during this period as traffic will depend on it, but also then leave safety improvements in place afterwards for this junction.

I have also escalated about the Steventon Bridge to see if there any better temporary workarounds to get some two way traffic back while they fix the bridge (which will take a long time as they can only work on it when the line is closed to trains).

In Drayton, fixing the broken speed signs has been frustrating, but I am glad to report design work has begun on a new pedestrian crossing and other safety improvements, including aligning the signs to any new speed limits.

Lastly, now I am Water Champion for the county council, I continue to hold Thames Water to account for improving their strategic plans – which is not just the reservoir but also stopping leaks, and improving recycling and treatment facilities – probably more front of mind now as climate change this year has brought us the hottest driest spring on record. Extreme weather is the new norm, so remember the sun screen and enjoy the summer.

The Heart of Our School

At Sutton Courtenay CofE Primary School, we believe that the purpose of education is to shape lives, not just lessons. Our intent is bold and unwavering: to nurture children who are not only academically capable, but emotionally intelligent, morally grounded, and ready to lead with courage and compassion. We are a school where every child is seen, heard, and valued. Where reading opens doors to new worlds, relationships are rooted in trust and empathy, and leadership is cultivated in every pupil—whether through quiet integrity or confident voice. We teach our children to stand up for what is right, to show humanity in their actions, and to develop the resilience, grit, and people skills that will carry them through life. This is more than education—it's formation. It's the privilege of shaping young minds to flourish and thrive, knowing that when we send our Year 6 pupils into the next chapter of their journey, we do so with the confidence that we've given them our very best. That sense of purpose is what makes being part of the Sutton Courtenay staff team a dream job.

Below are the unedited reflections of some of our Year 6 pupils. Their words speak powerfully to the values we live by and the lasting impact of their time with us.

Throughout my time at Sutton Courtenay CofE Primary School, I have learnt three things that I will take with me through life: if you get given an opportunity, take it. If you work hard, you can achieve anything in life and finally, still waters run deep: there is more to people than what meets the eye; give everybody a chance. (Suvi Aitio)

During my time at Sutton Courtenay CofE Primary School, I have learnt a lot about inclusion and diversity and how important it is to celebrate differences (which I am now so passionate about). To be grateful for what we have because nothing lasts forever. Lastly, that the world needs more compassion and kindness if we want it to be a great place and that it starts with me as an individual. (Bea Swan)

During my time at Sutton Courtenay CofE Primary School, I learnt that everyone deserves to be happy and accepted for who they are. I have learnt that everyone is a leader if they are given the opportunity to be, despite leaders all having different approaches. Finally, to use our voice to make a positive impact on the world. (Satvick Jaichandran)

From the Ministry Team

The monthly letter from the DAMASCUS ministry team is written and sent to everyone in the DAMASCUS Parish; Drayton And Milton, Appleford, Sutton CoUrttenay, Steventon. Each village has its own magazine, and each one is as unique as the community there. Earlier this year I wrote about how fortunate our villages are to have the many social and recreational opportunities which enrich our community. I encouraged more support and help for the volunteers because, without them, our communities would be poorer.

What does community mean to you? The Oxford English dictionary gives community the definition of "shared ownership". Other dictionaries give community to mean "people who live in a particular area. The importance of community, in Christian faith, has been and is still strongly held. St Paul wrote letters to the first Christian communities scattered around the Mediterranean, supporting them in the beginnings of the early church. In one of his first letters he writes to the Thessalonians "Encourage each other with these words and build each other up." (1 Thessalonians 4:18, 5:11) And to the people in Corinth he wrote, "Encourage one another and be of one mind, live in peace. And the God of love and peace will be with you." (2 Corinthians 13:11). The supporting of one another, in terms of faith, continues in a variety of ways.

This autumn, there will be a course "The Bible for Beginners" being run by the DAMASCUS ministry team. "The Bible for Beginners" has something for everyone and aims to encourage and build up our faith and to encourage and support those seeking faith. Look out for more information coming soon on notice boards and web pages in your community! Our places of worship are meant to be somewhere to find and feel "shared ownership", a sense of belonging as part of the community. Fortunately, there is a church in each of the five villages where not only worship but community can be shared in moments of joy and of sadness, celebration and remembrance.

I finish with a prayer of thanksgiving for our community of villages and for our community of faith: Heavenly Father, thank you for our village and for every person who lives here. Help us to care more for our community, to share your love, and to stand for your truth. Amen

Associate Minister in the DAMASCUS Parish

So, an ENORMOUS thank you to everyone who made the Vicar's Fun Day on 26th May possible. From the team on the Green, led by Brian Blakeman, setting up the gazebos and putting out the tables and chairs; all the stallholders who worked so hard; Abbey Brass; Jon the Sound Man; the Red Barrows; Jon the Tower Crier; the team on the Green who put everything away again; all those who baked cakes; all those who donated bottles and raffle prizes and quality gifts; and not forgetting everyone who came and supported the event. It was wonderful to see so many new faces from across the village. **THANK YOU SO MUCH!**

ANYONE INTERESTED IN HELPING WITH THE VICAR'S FUN DAY NEXT YEAR PLEASE GET IN TOUCH!

LETTER TO THE EDITOR

Dear Editor,

We are very lucky, as a village, to be surrounded by footpaths, bridleways, and byways that allow us to access the surrounding countryside, towns and villages without using our cars. But too often, we take these routes for granted.

I experienced this first-hand recently, when the access to Kelaart's field and Milton Park via Tyrrells Way was blocked by a new fence.

Like many others in the village, this route has been an important part of my daily life. It helps people in our community to get to work and school, access services such as the pharmacy and post office on Milton Park, walk their dogs, and travel to Didcot, Abingdon, and beyond.

I appreciate that the landowner is within their rights to prevent access, as this is not an official right of way. But it seems clear, from my conversations with other residents, that there has been access to the footpath this way for decades.

As with many things, people will have different views. However, I would encourage anyone who is in favour of keeping this route open to sign the petition which is available in the Costcutter shop on Bradstocks Way until the end of July.

OBITUARY

Rest in Peace

Averil Margaret Sawley, who died (aged 90) on 2nd May 2025 was born on 9th May 1934 on the Isle of Wight, the only child of her parents, Frederick and Ellen.

The family moved to Sutton Courtenay when her father got a job as a printer in Abingdon. Averil was still a baby when they rented in Abingdon, and then bought Number 24 High Street Sutton Courtenay for the grand sum of £600; Averil lived there for the rest of her 90 years. She attended Sutton Courtenay Primary School and was confirmed at All Saints' Church in 1946. She was an active member of the Girl Guides. From an early age she inherited a great love of football from her Dad and liked nothing better than watching and supporting Oxford United, and in later years she was an avid listener to the football commentary on Radio Oxford.

A bright and intelligent girl, Averil passed her 11+ exam and went to Wallingford Grammar School before attending Teacher Training College in Reading in 1952. She qualified as a teacher in 1954 when she was just 20 years old and went to work at Launton Primary School, near Bicester, where she spent the rest of her working life in a long and fulfilling teaching career, which she greatly enjoyed, spanning 35 years.

Her love of home was so deeply ingrained that, although she had to board in Bicester during the week, she would drive back to Sutton Courtenay every weekend in her Morris Minor. In her own words, she never met 'Mr Right' but enjoyed her close friendships, especially with her neighbour

and great friend, Dolly, and her family. Averil took early retirement to care for her parents in their old age, and, after their death, she renovated Number 24 with the help of her good friend Roy Davies, who became her handy man and a great support. Her cousin, Sue and her husband John, came into Averil's life over the last 30 years and Averil enjoyed spending time with them and their family and keeping in touch with all that they were doing. She also enjoyed being taken to Portsmouth to visit other family members every year and enjoyed regular trips out to lunch with Sue and John.

The last few years of her life were difficult for Averil and those trying to care for her, but, with her own steely determination and the help of her very kind neighbour, Sue Hyde, and family and other friends, Averil was able to remain living independently at the home which she loved. She was a private person, with a quiet faith, determinedly independent, someone who knew what she liked and who you could never tell what to do – some might say she was stubborn – but perhaps it was this inner strength that kept her going! She was always an early bird – not to be disturbed after 5pm but up very early in the morning. She had the most beautiful handwriting and was a great letter writer. Sadly, she broke her hip 18 months ago and then suffered a final, fatal fall at home. She died in hospital on 2nd May.

This is an edited extract from the address given at her funeral by The Reverend Canon Helen Kendrick at All Saint's Church, Sutton Courtenay on Thursday 29th May 2025.
